

SAFETY BRIEF

1. In the event of an emergency activate Emergency Medical Services and Fire Department response by calling 911.
2. Provide the following information to 911:

Property Address:
100 Randall Road
Gallant, Alabama

On site helicopter landing zone coordinates:
34 Degrees 0 Minutes 43 Seconds North
86 Degrees 11 Minutes 30 Seconds West
(Located in front of Jeff Randall's home.)

Nature of illness/injury the patient has suffered. Description of the patient. Past medical history of the patient.

3. Upon completion of the call to 911 consider calling Trauma Communications Center (TCC) (205-324-1066) and Omni Flight (256-413-1016) when it is determined that the patient should be flown to the most appropriate medical facility.
4. Emergency medical care should be initiated at the scene by students and instructors within their scope of practice.

Initial_____

5. A guide should be detailed to the Randall Adventure and Training gate on Randall Road to escort responding emergency services to the patient.

6. The following instructors should be contacted and made aware of the on site emergency:

Jeff Randall: 256-527-2808

Patrick Rollins: 256-613-3834

Hugh Coffee: 770-584-0175

7. Trauma Kits are located in the classroom, Mule vehicle and white Ford truck.

8. An AED is located in the classroom.

9. Remain attentive to the needs of your fellow students.
Recognize the onset of dehydration and associated course induced stressors.

10. Remain attentive to environmental hazards such as snakes, fire ants and Poison Ivy.

11. Hugh L. Coffee will serve as Medical Control unless other personnel are designated.
